Problem 1

Juniper Corporation provided the following summary balance sheet information:

	<u>Dec. 31, 20X8</u>	<u>Dec. 31, 20X9</u>
Total assets	\$2,500,000	\$3,800,000
Total liabilities	900,000	1,300,000

Compute net income for the year ending December 31, 20X9, under each of the following independent scenarios:

- a) Juniper paid no dividends, and no additional capital was raised via share issuances.
- b) Juniper paid \$300,000 in dividends, and no additional capital was raised via share issuances.
- c) Juniper paid no dividends, but raised \$1,500,000 via issuances of additional shares of stock.
- d) Juniper paid \$300,000 in dividends, and raised \$1,150,000 via issuances of additional shares of stock.

Worksheet 1

	<u>Dec. 31, 20X8</u>	<u>Dec. 31, 20X9</u>
Total assets	\$2,500,000	\$3,800,000
Total liabilities	<u>900,000</u>	<u>1,300,000</u>
Total Equity	<u> </u>	<u> </u>
Ending Equity		
Total liabilities		<u> </u>
Total Equity		<u> </u>

- a) Juniper paid no dividends, and no additional capital was raised via share issuances.
- b) Juniper paid \$300,000 in dividends, and no additional capital was raised via share issuances.
- c) Juniper paid no dividends, but raised \$1,500,000 via issuances of additional shares of stock.
- d) Juniper paid \$300,000 in dividends, and raised \$1,150,000 via issuances of additional shares of stock.

Solution 1

	Dec. 31, 20X8	Dec. 31, 20X9
Total assets	\$2,500,000	\$3,800,000
Total liabilities	900,000	1,300,000
Total Equity	\$ 1,600,000	\$ 2,500,000
Ending Equity		\$ 2,500,000
Beginning Equity		1,600,000
Change in Equity		<u>\$ 900,000</u>

- a) **Juniper paid no dividends, and no additional capital was raised via share issuances.**

Because there were no dividends and no issues of stock, the **\$900,000** increase in equity is all attributable to net income.

$$\$1,600,000 + \$0 \text{ for stock issuances} - \$0 \text{ for dividends} + \text{net income } (\$900,000) = \$2,500,000$$

- b) **Juniper paid \$300,000 in dividends, and no additional capital was raised via share issuances.**

Because there were \$300,000 in dividends and no issues of stock, the \$900,000 increase in equity would require a **\$1,200,000 net income**.

$$\$1,600,000 + \$0 \text{ for stock issuances} - \$300,000 \text{ for dividends} + \text{net income } (\$1,200,000) = \$2,500,000$$

- c) **Juniper paid no dividends, but raised \$1,500,000 via issuances of additional shares of stock.**
Because there were no dividends, but \$1,500,000 of stock issuances, Juniper had a **net loss of \$600,000**.

$$\$1,600,000 + \$1,500,000 \text{ for stock issuances} - \$0 \text{ for dividends} + \text{net income } (-\$600,000) = \$2,500,000$$

- d) **Juniper paid \$300,000 in dividends, and raised \$1,150,000 via issuances of additional shares of stock.**

Because there were \$300,000 in dividends, and \$1,150,000 of stock issuances, Juniper had a **net income of \$50,000**.

$$\$1,600,000 + \$1,150,000 \text{ for stock} - \$300,000 \text{ for dividends} + \text{net income } (\$50,000) = \$2,500,000$$

Problem 2

TOP Corporation was formed at the beginning of 20X2, and presents the following incomplete financial statements for three years. TOP has requested your help in completing the missing values for each year.

Hint: Begin by solving the unknowns in the 20X2 year, and work forward to subsequent years. Remember that 20X2 is the first year of business, so TOP begins with a zero balance in 20X2 beginning retained earnings.

Problem 4

Scream Clean Company provided the following very limited set of data. Use this information to determine net income for the years ending December 31, 20X6, 20X7, 20X8, and 20X9. The company was formed at the beginning of January, 20X6 by issuing \$350,000 of capital stock. No additional shares were issued during the 4-year period. The company's 20X9 dividends were equal to 50% of the 20X9 net income.

Revenues, 20X7	\$315.000
Dividends, 20X8	52.500
Total equity, December 31, 20X8	735.000
Total liabilities, December 31, 20X8	770.000
Retained earnings, December 31, 20X6	143.500
Expenses, 20X7	154.000
Retained earnings, December 31, 20X7	280.000
Dividends, 20X6	35.000
Total assets, December 31, 20X9	1.750.000
Increase in liabilities, 20X9	175.000

Worksheet 4

- 20X6

- 20X7

- 20X8

- 20X9

Solution 4

- 20X6

Retained earnings, December 31, 20X6	\$	143,500
Plus: Dividends paid during 20X6		35,000
Net income for the year ending December 31, 20X6	\$	178,500

- 20X7

Revenues for the year ending December 31, 20X7	\$	315,000
Less: Expenses for the year ending December 31, 20X7		154,000
Net income for the year ending December 31, 20X7	\$	161,000

MASTER IN MANAGEMENT

Because achieving your dreams is your greatest challenge. IE Business School's Master in Management taught in English, Spanish or bilingually, trains young high performance professionals at the beginning of their career through an innovative and stimulating program that will help them reach their full potential.

- Choose your area of specialization.
- Customize your master through the different options offered.
- Global Immersion Weeks in locations such as London, Silicon Valley or Shanghai.

Because you change, we change with you.

www.ie.edu/master-management | mim.admissions@ie.edu |     

- **20X8**

Total equity, December 31, 20X8	\$	735,000
Less: Capital stock		350,000
Retained earnings, December 31, 20X8	\$	385,000
Less: Retained earnings, December 31, 20X7		280,000
Increase in retained earnings during 20X8	\$	105,000
Plus: Dividends paid during 20X8		52,500
Net income for the year ending December 31, 20X8	\$	157,500

- **20X9**

Total liabilities, December 31, 20X8	\$	770,000
Plus: Increase in liabilities during 20X9		175,000
Total liabilities, December 31, 20X9	\$	945,000
	\$	-
Total assets, December 31, 20X9	\$	1,750,000
Less: Total liabilities, December 31, 20X9		945,000
Total equity, December 31, 20X9	\$	805,000
Less: Capital stock		350,000
Retained earnings, December 31, 20X9	\$	455,000
Less: Retained earnings, December 31, 20X8		385,000
Increase in retained earnings during 20X9	\$	70,000

The 20X9 net income was \$140,000

Proof:

$$\begin{aligned} \text{Dividends} &= \text{Net Income} \times 50\% \\ \text{Increase in Retained Earnings} &= \text{Net Income} - \text{Dividends} \end{aligned}$$

thus:

$$\begin{aligned} \$70,000 &= \text{Net income} - (\text{Net income} \times 50\%) \\ \$70,000 &= 0.5 \times \text{Net Income} \\ \text{Net Income} &= \$140,000 \end{aligned}$$

Problem 5

Rajagopul Corporation is a newly formed company. Below are the first 10 transactions that Rajagopul encountered. Prepare an income statement, statement of retained earnings, and balance sheet immediately following each of these consecutive transactions.

1. Issued capital stock for \$100,000 cash.
2. Purchased building for \$240,000, making a \$40,000 down payment and signing a promissory note payable for the balance.
3. Paid Wages expense of \$10,000.
4. Provided Services to customers for \$30,000 cash.
5. Paid Utilities expense of \$4,000.
6. Reduced note payable with an \$16,000 cash payment (ignore interest costs).
7. Provided Services to customers on account, \$20,000.
8. Incurred Wages expense of \$6,000, to be paid in the future.
9. Collected \$8,000 on an outstanding account receivable.
10. Declared and paid dividend of \$12,000.

In the past four years we have drilled

89,000 km

That's more than **twice** around the world.

Who are we?
 We are the world's largest oilfield services company¹. Working globally—often in remote and challenging locations—we invent, design, engineer, and apply technology to help our customers find and produce oil and gas safely.

Who are we looking for?
 Every year, we need thousands of graduates to begin dynamic careers in the following domains:

- Engineering, Research and Operations
- Geoscience and Petrotechnical
- Commercial and Business

What will you be?

What if you could build your future and create the future?

One generation's transformation is the next's status quo. In the near future, people may soon think it's strange that devices ever had to be "plugged in." To obtain that status, there needs to be "The Shift".

Problem 6

Glasgow Corporation provided the following listing of financial statement elements and their respective balances. The periodic amounts relate to the year ending December 31, 20X9, and the point-in-time amounts reflect balances as of December 31, 20X9, unless otherwise implied. Unfortunately, the company has been unable to locate its listing of assets, but all other information is complete, albeit in disarray.

Capital stock	\$375,000
Wage expense	60,000
Revenue	120,000
Rent expense	33,000
Beginning retained earnings	133,500
Utilities expense	16,500
Accounts payable	18,750
Dividends	3,750
Notes payable	75,000

- Determine Glasgow's net income for the year ending December 31, 20X9.
- How much are Total assets of the company, as of December 31, 20X9?
- If you were told that assets included an accounts receivable of \$7,500 for services provided during 20X9, and that such transactions had been excluded in calculating the given "revenue" amount, how would this influence your answer to part (a) above?

Worksheet 6

a) Revenue \$ 120,000

b)

c)

Solution 6

a)

Revenue		\$	120,000
Less expenses			
Wage expense	\$	60,000	
Rent expense		33,000	
Utilities expense		16,500	109,500
Net income			\$ 10,500

b)

Beginning retained earnings	\$	133,500
Plus: Net income		10,500
	\$	144,000
Less: Dividends		3,750
Ending retained earnings	\$	140,250
Capital stock	\$	375,000
Ending retained earnings		140,250
Total stockholders' equity	\$	515,250
Accounts payable	\$	18,750
Notes payable		75,000
Total liabilities	\$	93,750
Total liabilities	\$	93,750
Total stockholders' equity		515,250
Total assets	\$	609,000

c) If, indeed, \$7,500 of services was rendered on account, it should have been included in revenues. This would result in an increase in net income (and therefore retained earnings and total equity) to match the increase in Total assets. Revenues are to be recorded as earned.

Problem 7

Smithson Exploration Corporation was formed on January 1, 20X3. The company was formed by Cliff Smithson with the goal of conducting geophysical support services related to natural gas drilling operations in the Uinta Basin region of eastern Utah. The company's initial capitalization consisted of shareholder investments of \$2,000,000 and an additional bank loan of \$1,500,000.

During the first year of operation, the company purchased land, buildings, and equipment in the amount of \$400,000, \$1,000,000, and \$600,000, respectively. (Hint: In subsequent chapters you will be introduced to the concepts of depreciation relating to certain of these assets; for now you may ignore this issue).

During 20X3, the company signed contracts to deliver consulting services with a total value of \$5,000,000. By year's end, \$3,200,000 of services had been provided and billed under these agreements. The other \$1,800,000 of work will not be performed until 20X4. All amounts billed had been collected during 20X3, with the exception of December's billings in the amount of \$250,000. The Smithson's are quite confident that the December billing will be collected in the normal course of business in early 20X4.

Empowering People. Improving Business.

BI Norwegian Business School is one of Europe's largest business schools welcoming more than 20,000 students. Our programmes provide a stimulating and multi-cultural learning environment with an international outlook ultimately providing students with professional skills to meet the increasing needs of businesses.

BI offers four different two-year, full-time Master of Science (MSc) programmes that are taught entirely in English and have been designed to provide professional skills to meet the increasing need of businesses. EQUIS
ACCREDITED

www.bi.edu/master

Expenses paid during 20X3 included rent (\$280,000), Wages (\$1,560,000), interest (\$150,000), and taxes (\$430,000). In addition, the company had incurred rent (\$20,000), Wages (\$60,000), and interest (\$12,000) related to 20X3 activity that was not yet paid as of the end of 20X3.

Smithson Exploration declared and paid dividends to shareholders in the amount of \$150,000 during 20X3. Smithson also repaid \$100,000 of the original bank loan.

- Prepare an income statement for Smithson Corporation for the year ending December 31, 20X3.
- Prepare a statement of retained earnings for Smithson Corporation for the year ending December 31, 20X3.
- Prepare calculations showing that cash is \$1,780,000 as of December 31, 20X3.
- Prepare a balance sheet for Smithson Corporation as of December 31, 20X3.

Problem 8

Thai Company was formed on January 1, 20X1. The company’s accountant prepared the following income statement, statement of retained earnings, and balance sheet at the conclusion of the first full year of operations. Mr. Thai desires for the company to declare and pay a dividend equivalent to the company’s net income for the year.

THAI COMPANY Income Statement For the Year Ending December 31, 20X1			
Revenues			
Services to customers		\$	105,000
Expenses			
Wages	\$	45,000	
Rent		18,000	3,000
Net income		\$	<u>42,000</u>

Brain power

By 2020, wind could provide one-tenth of our planet's electricity needs. Already today, SKF's innovative know-how is crucial to running a large proportion of the world's wind turbines.

Up to 25 % of the generating costs relate to maintenance. These can be reduced dramatically thanks to our systems for on-line condition monitoring and automatic lubrication. We help make it more economical to create cleaner, cheaper energy out of thin air.

By sharing our experience, expertise, and creativity, industries can boost performance beyond expectations. Therefore we need the best employees who can meet this challenge!

Total liabilities and equity	\$ 103,500

- Is the company currently able to declare and pay the dividend? Why or why not?
- Explain why net income can differ from cash provided by operations.
- In addition to operating activities, what other "categories" of business activity can generate or expend cash? Provide examples for each category.
- Prepare a statement of cash flows for Thai Company for the year ending December 31, 20X1.

Worksheet 8

- a)
- b)
- c)
- d) At this point in your study, you will be challenged to prepare the following statement of cash flows! If you avoid changing the formulas in column “F” of the electronic spreadsheet, you should simplify your search for the correct answer.

THAI company		
Statement of Cash Flows		
For the Year Ending December 31, 20X1		
Operating activities		
Cash received from customers	\$	-
Cash paid for Wages		-
Cash paid for rent		-
Cash provided by operations	<u> </u>	\$ -
Investing activities		
Purchase of equipment		-
Financing activities		
Issue stock	\$	-
Proceeds of loan		-
Increase in cash	<u> </u>	<u> </u> \$ -
Cash, January 1		<u> </u> -
Cash, December 31		<u> </u> \$ -

Solution 8

- a) Thai is unable to pay a \$42,000 dividend. The company only has \$6,000 in available cash.
- b) In the short run, many things will cause net income to differ from cash provided by operations. For example, various revenues and expenses may have occurred but not yet be funded. In Thai’s case, notice that \$22,500 of the revenues have not yet been collected, as evidenced by the increase in accounts receivable. Conversely, \$1,500 of the rent cost has not yet been paid, as evidenced by the rent payable liability.
- c) A business will generate or expend cash from investing activities (like buying and selling property, investment securities, and so forth). A business will also have financing activities that can be a source or use of cash (examples include issuing stock, paying dividends, and borrowing/repaying loans).
- d) At this point in their studies, most students will be challenged to prepare the following statement of cash flows! The student worksheet includes substantial preformatting to aid the process. Be sure to tell your students to not be discouraged by this complex problem - focus on the central theme that this is an important financial statement. The preparation and use is the subject of a complete chapter much later in the book.

THAI COMPANY Statement of Cash Flows For the Year Ending December 31, 20X1			
Operating activities			
Cash received from customers	\$	82,500
